help us examine utterances from the perspective of their function, rather than their form.

## **Speech Act Theory - UK Essays**

The speech act theory has come to be recognized as very important in everyday life and particularly after the revelation by scholars that these speech acts do much more than describing reality. Studies that have taken place over the years since the speech act theory was proposed have come to distinguish the philosophy of language as an entity different from other philosophies (Platts 1989).
