Balance of Power - Storyline - World of Warcraft

The balance of power theory in international relations suggests that states may secure their survival by preventing any one state from gaining enough military power to dominate all others. If one state becomes much stronger, the theory predicts it will take advantage of its weaker neighbors, thereby driving them to unite in a defensive coalition.

Balance of power (international relations) - Wikipedia

The term Balance of Power suggests 'equilibrium which is subject to constant, ceaseless change. In short, though it stands for equilibrium, it also involves some disequilibrium. That is why scholars define it as a just equilibriums or some sort of equilibrium in power relations. 2.
